

## PRICE LIST FOR GAS METER CALIBRATION SERVICES PROVIDED BY THE GAS METER CALIBRATION LABORATORY

Price of calibration on one pressure, up to 7 points, 3 repetitions (amounts in PLN net)

Table 1

<b>TURBINE GAS METERS</b>				
Diameter	Calibration without adjustment	Calibration with adjustment and verification after adjustment		
		One-point verification	Two-point verification	Verification at all points
DN50 DN80 DN100	9 700	12 150	12 610	13 900
DN150 DN200	13 210	15 790	16 250	18 240
DN250 DN300	16 670	19 260	19 720	22 170
DN400	22 680	25 120	25 720	28 860

<b>ULTRASONIC GAS METERS</b>				
Diameter	Calibration without adjustment	Calibration with adjustment and verification after adjustment		
		One-point verification	Two-point verification	Verification at all points
DN50 DN80 DN100	12 520	14 960	15 420	17 640
DN150 DN200	15 790	18 380	18 840	21 520
DN250 DN300	19 440	22 030	22 490	26 090
DN400	25 910	28 490	28 950	33 380

Calibration of the gas meter with dedicated inlet/outlet spool pieces comes with no extra cost.

The cost of non-standard services (e.g., additional calibration pressure, non-standard number of measurement points, non-standard number of repetitions) and the cost of calibration of other types of gas meters is determined individually - please contact us.
